

Pirates

Ondřej Navrátil • Tomáš Kopecký

With her black sails, skull-and-crossbones flag and glistening cannons, the Scorpion has just set sail. She is the scourge of all shipping on all seas! Having sharpened their sabres, her hungry crew are on the lookout for victims to feed their thieving appetites.

This catch is truly special! In the cabin, a captive merchant promises the pirates a hefty ransom. The hold contains a glittering treasure, property of the Spanish king. The smell of a splendid dinner wafts in from the kitchen.

The pirates abandon the captured sailors on a desert island in the middle of the vast ocean. Let them catch fish and gather coconuts while they wait for another ship to pass by!

Not even pirates have life easy. The Royal Guard is hot on their trail. If captured, they will spend the rest of their lives in jail. But today they get lucky. A well-aimed shot sends the royal ship to the bottom.

A ship faces many dangers. A hurricane can drive it onto sharp rocks which send it mercilessly to the deep. Its treasure will then fall to the jealous keeping of octopuses and swordfish.

Today, however, the Scorpion drops anchor off Treasure Island, a safe, secret spot in the Caribbean where sea wolves can replenish supplies and hide their loot.

They are welcomed by parrot squawks and monkey cries. John Rough is constantly on guard. What if there are other pirates here with designs on their treasure?
