IN THE CITY

Where did all the cars go? Look - there's a fire in the blue building. Can you spot it? Hurry up and put the fire brigade and the other vehicles in the picture so the city can be as lively as ever.

AT THE AIRPORT

A lot of work goes into a single airplane journey. Gasoline has to be filled, luggage has to be loaded, food and drinks have to be refilled for passengers, water has to be refilled for hand washing, and mechanics have to check the plane. Stick the stickers and try to name everything you stick.
