MAGIC WORLD OF UNICORNS

Illustrated by Liliana Pérez

Written by Joli Hannah

Unicorn Castle

The unicorns live in a beautiful palace surrounded by parks and lakes.

Mane and Hoof Care

The fairies regularly bathe the unicorns and brush their soft manes and tails. They use scented essences and medicinal herbs. Unicorns are very clean and need fairy care each and every day.

The Evil Wizard

Beyond the hills of the Unicorn Kingdom lies the land of the Evil Sorcerer. He's trying to trap the unicorns and cut off their manes so he can make a magical potion of immortality. In the enchanted forest, however, grows a magical herb that the unicorns use as an ingredient in their baths, and so from time to time some of them ventures into this area.
